Marlow Hunter LLC

America's Favorite Sailboat

Marlow Hunter

Manufacturing Excellence

Hunter Marine (now Marlow Hunter) was founded in 1973 and is the dominant American sailboat builder. We continue to maintain our position by listening to our customers and executing the basic principles on which our company was founded. As new models are designed, experienced production engineers provide input on how to efficiently execute the design objectives during assembly. Creating a boat that is easier to build doesn't need to sacrifice construction quality of product features, but allows us to provide excellent value for our customers.

Hunter B&R Backstayless Rig

The Hunter B&R backstayless rig design incorporates a large main, small genoa combination for easier but more efficient sail handling. Tacking is easier, and when reefed, it provides a more stable and predictable platform. The swept-back spreaders create a tripod rig that eliminates the need for a backstay, allowing for a much more aerodynamically efficient mainsail design, but without the need for adjustable backstays. The B&R rig proved its durability and sturdiness by withstanding the rigors of the BOC Round-the-World race, plus on thousands of Hunter sailboats built with this time proven design.

Hunter Stainless Cockpit Arch

Hunter's Cockpit Arch finally solves the cruiser's dilemma of where to anchor the mainsheet. On most cruising boats the mainsheet is anchored atop the deck, which induces significant loading to the deck and rig. As the mainsail's heaviest loads are located at the leech, the most effective location is at the aft end of the boom. The stainless arch also provides a superb cockpit handhold, protection from the boom, convenient mainsheet control, lifeline anchoring point, plus excellent structural support point for cockpit dodgers, biminis, and enclosures.

We believe that sailing should be fun and it should not have to be hard work. You should be free to set your own challenges, not constrained to addressing those set by the demands of your yacht. Innovations pioneered by the design crew at Marlow Hunter have made sailing easier, safer and more comfortable. The result - much more fun!

Marlow

Hunter 15

High freeboard, a raised boom, and sturdy fiberglass construction make the new Marlow Hunter 15 daysailer a safe, versatile boat that the whole family will love. Standard roller furling with a large mainsail makes sail handling a snap. With its wide, contoured self-bailing cockpit that seats five, the 15 can accommodate the entire crew on your next sailing expedition!

The Marlow Hunter 15's wide beam gives her excellent stability. The cockpit seats are inset and feel more secure than just sitting on top of a coaming seat. The cockpit is large enough for two adults and two or three children - an excellent choice for your family.

The 15 is a very easy boat to rig and launch as the mast is lightweight aluminum and stepped on a hinged base. Sailing clubs and schools have enjoyed the 15's capacity and stability along with industry leading durability. An optional motor mount will carry a 2 hp outboard or electric motor to make sailing in and out of a marina or remote launch area a breeze.

18

Marlow

Hunter 18

The new Marlow Hunter 18 features an intelligent open transom design that allows for super easy land or water access. In addition, the canvas cuddy unsnaps for easy bow access. The extraordinary seven-foot beam keeps you stable, with seating for six in the clean and clutter-free cockpit. Beginners can handle the simple rig like a pro with its large main and small jib, and this setup also provides fun for the seasoned sailor. The kick-up centerboard and swing-up rudder makes landing or beaching a snap.

Molded in non-skid provides excellent footing plus the foot brace in the center of the cockpit sole gives a very good feeling of security. The high boom clearance also creates a safer sailing environment.

The optional spinnaker kit includes an adjustable spinnaker pole that nests just beneath the deck (see photo to left) This sail adds about 200 feet of downwind sail area making the boat really perform off the wind.

Safe, secure and good fun for your family!

22

Marlow Hunter 22

Comfort and convenience help make the Marlow Hunter 22 the ultimate daysailer - with great overnighting capability. This stable platform will keep the family safe and dry, but will get up and go when you want to run. The large cockpit accommodates six in comfort, while the extra large cuddy is fun for overnighting, with opening, screened ports, a roomy comfortable v-berth, and space for a portable head. The Marlow Hunter 22 is easy to trailer, rig and launch, and is sure to become your favorite weekend escape.

The 500 pound retractable keel provides excellent stability and performance under sail, while a hydraulic lifting mechanism makes it easy to retract inside the hull for trailering or beaching. The easy lift rudder system delivers fingertip control and exhilarating responsiveness on every point of sail.

On a mooring, at the dock, or on the trailer, the Marlow Hunter 22 combines superb daysailing with a comfortable cuddy for sleeping and secure storage. Durable, low maintenance and value are the trademarks of the Marlow Hunter 22.

Marlow

Hunter 27

Pocket cruisers are by nature, compact and simple, created and owned for the purest form of sailing enjoyment. The Hunter 27 delivers all that and a little extra for those who want the interior space to enjoy the occasional overnight escape when conditions are right. Under sail, you'll find the 27 responds like a dinghy, but with the stability and security of a true keelboat.

27

Marlow

Hunter 27

Quick acceleration and pinpoint turning accuracy are combined with an easy-to-tack fractional sailplan to make the 27 exciting to sail, especially in close quarters. The helm station offers several different seating options to choose from, allowing the skipper to extend their time at the wheel from a variety of comfortable positions, all accessible to the jib and mainsail controls. Although spacious and functional, the interior accommodations are decidedly a “no-frills” proposition. Standing headroom in the salon of a 27 footer is rare but much appreciated feature that make this boat much more than a daysailer. A practical galley, dinette seating for 6, and sleeping space for 4 make it possible to spend pleasant overnights anchored in your favorite cove. The amazingly complete standard equipment list can be augmented with a variety of factory options to suit your own preferences. Whether you are looking for your first boat or your last, the Hunter 27 provides a safe and sturdy platform to relax and recharge on your local waterway.

Marlow

Hunter 33

Quick and agile, the Hunter 33 delivers an exhilarating experience on every outing. Under sail, the main dominated fractional rig is easily tamed with extra leverage from the cockpit Traveler Arch™ sheeting system, so the 33 is always easy for singlehanders to manage. The cockpit design has been called “ideal” by many owners, referring to the space, layout and placement of controls.

33

Marlow

Hunter 33

Stern rail seats are free of rigging obstructions and securely fixed to the arch for a safe and comfortable view within arms reach of the wheel, traveler and jib sheets. A hinging helm seat allows effortless access to the swim platform for simple stern boarding from the dock or dinghy. Top notch equipment from Lewmar, Selden, Spinlock and Harken ensure friction free control and long term reliability. The interior is roomy, bright and beautiful with a rich “cherry” interior and open floorplan allowed by placement of the mast compression post forward of the main bulkhead. 6’2” headroom, abundant storage space and a compact nav station round out the salon for maximum utility. Sleeping accommodations are spacious and simple with plenty of light and ventilation from the large opening hatches. A surprisingly well equipped galley is capped with a durable Corian® countertop and packed with storage space to hold plenty of provisions for longer trips. The Hunter 33 is extraordinarily well designed to fuel your passion for sailing. Every trip will end in eager anticipation of your next opportunity to untie and unwind.

Marlow

Hunter 37

The heart of our mid-size cruiser line, the Hunter 37 was just introduced to the market for the 2014 model year. Perfectly balanced in so many ways, the 37 is exhilarating to sail, accommodating for the crew and comfortable both inside and out. The extended cockpit, fresh profile, and refined interior adds style to this classic cruiser, sturdily built to provide a stable and reliable platform for your cruising pleasure.

37

Marlow

Hunter 37

The innovative cockpit Traveler Arch™ simplifies handling of the mainsail, providing more leverage and placing the traveler controls within easy reach of the helm. Moving the traveler aft frees the companionway of mainsheet clutter, allowing easy passage and a clear view forward. The useful arch also functions as a solid mounting frame for the bimini and our renowned stern rail seats, comfortable and fully integrated into the cockpit design. The B&R rig and fractional sailplan guarantee easy tacking and reefing, a must for shorthanded crews who prefer to enjoy windy conditions. Below, an oasis of beauty and comfort await you. The warm, rich woodwork is brightened by an abundance of natural light and enhanced with functional accents like hardwood handrails, real Corian® countertops and stainless hardware. Both forward and aft staterooms are fully equipped with opening hatches, designer bedding fabrics and plenty of storage space. Meal time will be a pleasure from start to finish with a spacious and well equipped galley, set directly aft of the furniture quality dinette table. Highly refined from volumes of customer feedback, the Hunter 37 is a boat that will free you to savor the joys of sailing without sacrificing the comforts of home.

Marlow

Hunter 40

If you're looking for a sweet sailing midsize cruiser with maximum space and amenities, then look no further. The Hunter 40 offers more of everything on a sturdily constructed hull with a sleek and stylish deck profile. The fractional sailplan delivers power without perspiration to the stable and easily driven hull shape for outstanding performance and maneuverability. The T-shaped cockpit features twin wheels that provide fingertip control and outstanding visibility from every point of sail.

40

Marlow

Hunter 40

The stainless cockpit Traveler Arch™ is a Hunter trademark feature. It reduces mainsheet load and places all the controls within easy reach of the helm. A double ended mainsheet allows easy adjustment from a variety of locations in the cockpit. A wide beam and strategic placement of the mast compression post open the salon to immense proportions for a 40 footer. The forward facing nav station and expansive galley loaded with storage space distinguish the Hunter 40 as a boat without compromise on interior comforts. The aft stateroom spans the entire width of the boat providing room for dual hanging lockers, drop-in storage, dressing seats on both sides and private access to the head compartment. Forward, your crew will appreciate a cabin that has lots of space to move around and organize their personal gear. As with all Hunters, quality components and easy systems access reduce maintenance time so you can relax. Visit your Hunter dealer today for a first hand look at how much more a 40 footer can be.

The image shows the interior of a Hunter 45DS sailboat cabin. The space is bright and airy, featuring large overhead skylights and a wraparound windshield. The walls and cabinetry are finished with rich, warm-toned wood. A U-shaped white vinyl seating area surrounds a central wooden table, which is set with dishes, glasses, and a vase of orange flowers. A television is mounted on the wall, displaying a sailboat. A doorway in the background leads to a stateroom. The floor is covered in teak planking. In the foreground, a green mug sits on a colorful placemat on a wooden table.

45DS

Marlow

Hunter 45DS

The new Hunter 45 has redefined the DS concept with the brightest and most open salon ever designed. Oversized deck ports draw in huge volumes of natural light to compliment the rich woodwork and airy floor plan. A wraparound windshield dominates the sleek and imposing exterior profile that announces its presence with authority in any harbor. The Glenn Henderson designed hull is solidly constructed and shaped for lively performance and a smooth ride, even in rough sea conditions.

On deck, dual helm stations deliver the ultimate in comfort, control and visibility for the captain. Hunter's stainless steel Traveler Arch™, B & R rig and a unique double-ended mainsheet system provide the crew with effortless sail handling. The large, T-shaped cockpit is well equipped to provide shelter at sea and sociable lounging at anchor. The galley size and amenities will enable you to create memorable meals from provisions held in the 45's immense storage reserves. An expanded aft stateroom features a queen size berth, large hanging locker, storage galore and private access to the aft head. Opening hull and deck ports supply plenty of light and fresh air. Forward, your guests will enjoy the Pullman style cabin with a side mounted double berth and storage capacity for two. For convenience, the open vanity is separated from the private head and shower located in the forepeak. The Hunter 45DS combines the most popular of our design features to create a boat that will elevate your sailing enjoyment to a whole new level.

The image shows the interior of a Hunter 50AC yacht. The cabin features extensive wood paneling on the walls and ceiling, with a polished teak floor. On the left, there is a long, light-colored leather sofa. In the center, a wooden dining table is surrounded by matching leather seating, set with a fruit bowl and glasses. To the right, a galley area includes a dark granite countertop with a stainless steel sink and faucet, and wooden cabinetry below. A doorway in the background leads to a stateroom with a blue bed. The overall atmosphere is warm and luxurious.

50AC

Marlow

Hunter 50AC

A robust sailing platform with unsurpassed versatility, the Hunter 50 can be configured to cruise around the harbor, or around the world in comfort. Solid construction, a high ballast ratio and a stout B & R rig are the basic elements that make this flagship capable and safe for the bluewater cruise of your dreams. Fortunately many attributes that make a boat comfortable for long distance cruising also make shorter trips more pleasant.

50AC

50AC

Marlow

Hunter 50AC

Dual helm stations provide outstanding visibility and a multitude of seating options. The fractional sailplan is integrated with our trademark cockpit Traveler Arch™ and a proven deck layout to maximize ease of handling under sail, especially for shorthanded crews. The large balanced rudder and shaft driven steering system deliver pinpoint maneuverability and fingertip control, even under full sail. Never has a boat so large been so easy to handle with confidence in every condition. Below-decks, an efficient floorplan is executed in furniture quality woodwork for a bright interior that is as functional as it is beautiful. Incredible storage capacity, easy systems access and a deep bilge sump demonstrates that attention to detail below the surface remains a priority for your extended enjoyment of this amazingly capable cruising platform.

A detailed view of the interior of a Hunter 50cc yacht cockpit. The space is finished with light-colored wood paneling and features a curved ceiling with recessed lighting and blue LED accent lights. Large windows on the left side show a sunset. On the left, there is a wooden console with a built-in electronic display showing a map, a small lamp, and an open book. A long, white leather cushioned bench runs along the left wall. In the center, a wooden table is set with plates, glasses, and a vase of yellow flowers. To the right, another white leather cushioned bench is visible. In the foreground, a dark granite countertop with a stainless steel sink and faucet is partially shown. A doorway in the background leads to another part of the yacht.

50cc

Hunter 50cc

OFFSHORE LUXURY DEFINED. A stunning long distance passagemaker, the Hunter 50 Center Cockpit is the latest in Hunter's long line of renowned center cockpit models. This yacht was designed and built to provide the liveaboard cruiser with more space and capability to enjoy extended offshore cruising in comfort. To truly appreciate how safe, comfortable and exceptionally easy-to-sail this 50CC is, one needs to examine it inside and out.

50cc

50cc

Marlow

Hunter 50cc

Above decks, the 50CC features a center cockpit which provides excellent visibility along all sight lines and allows for several distinct areas to socialize. Hunter's trademark stainless steel arch keeps the traveler hardware safely out of the way while a Selden B&R rig provides safe and efficient power. With 14 different possible sail plans, this yacht is rigged for ease of sailing even when short-handed. The hull design features proven hydrodynamics from Hunter's 50AC hull including a bow hollow and stern reflex, for better acceleration and more lively response. Like all of Hunter's keelboats, the 50CC has a layer of Kevlar® in the bow area for extra protection. A fully-equipped chef's galley is wrapped in genuine Corian® with stainless steel grabrails at the counter edges. Forward, the guest stateroom houses both an en-suite head and separate stall shower. Aft, the expansive owner's suite features a centerline berth fully accessible from both sides, a walk-in cedar closet, optional chaise lounge chair, his and hers work areas, private head, and plenty of storage space. With an abundance of natural lighting and ventilation the master suite is also the perfect setting for an optional jet spa tub cleverly housed in the bed unit.
